

PETER MCBURNEY

Peter McBurney is the Co-Head of Technology Consulting at Norton Rose Fulbright based in London.

He is Professor of Computer Science and a former Head of the Department of Informatics at King's College London, where he undertakes research on blockchains and distributed ledger technologies (DLT), cryptocurrencies and token economics, and AI. Peter is part of a team providing management consultancy advice to clients across different industry sectors who wish to take advantage of the opportunities created by the adoption of new and disruptive technologies.

As a member of the Academic Advisory Council of the UK Financial Conduct Authority, Peter advises on the use of AI and distributed ledger technologies in financial regulation. He is also Founder of Vukutu Ltd, a management consultancy and computational modelling company.
